

RUHR-UNIVERSITÄT BOCHUM

SHORT WORKSHOP: UPCOMING QUANTUM MATERIALS AND RESEARCH METHODS – A SPARK FOR NEW CONNECTIONS

This 2-day online workshop on upcoming quantum materials and research methods aims to spark new connections among young researchers in the field of quantum materials on both sides of the Atlantic. The topics range from challenging single-crystal growth to spectroscopies under extreme conditions and will be presented by early-career researchers reporting on their recent breakthroughs.

Organizers:

Anna Böhmer (Ruhr-University Bochum)
William Meier (Oak Ridge National Lab)

July 27 and July 28:

4 pm - 6 pm EUROPE/10 am-12 pm EASTERN:
oral presentations

6:30 pm-8 pm EUROPE/12:30 pm-2 pm EASTERN:
online posters and networking

Registration:

Please send an email with subject line “workshop 27/28”
to: sekretariat-ep4@rub.de
no registration fee
